

LED Sport Field Light

PHILIPS
LUMILEDS

Product Features:

- Energy efficient, high performance Philips Lumileds LED Sports Field Light
- External quality Meanwell HLG driver adopted for long lifetime
- Adjustable individual modular for various beam angle and optimum distribution outcomes
- Replaces conventional 1KW MV or MH light
- Great energy savings and low maintenance compared to conventional lamps
- Cross-ventilation heat sink design for optimum heat dissipation
- Quality fitting with baking finish treatment for excellent corrosiveness resistance
- 5 year replacement warranty

Application:

- Various Sports Fields: Football and Tennis fields
- Community ovals and fields
- Commercial and residential Open air car parks

Quick Spec

Luminous Efficacy: 140 lm/w

Color temperature: 2700k-6000K, CRI > 80

Average rated LED life: 50,000hrs @ L70

Ambient temperature: -40°C to 60°C

Beam Angle: 30°, 60°, 120°

Modular Adjustable Design

Model	Watts	Supply Volatage	Lumen Output	L*W*H (mm)	Weight	IP Rating
